

Chiron Leadership Skills (P) Ltd

...Unleashing the leader in you

An SRM Group Initiative

Affordable International Diploma & Certificate Programs

Chiron, focuses on the personal development of students, managers and leaders, through robust training methodologies. Our training programs have been prepared with a focus on the individual and his empowerment. The solutions we provide are simple, practical and comprehensive.

We have recently signed an MoU with Tharshal Training Academy, Malaysia to offer international certificate and diploma programs from leading Universities of Malaysia, Singapore, England, Australia and New Zealand. These certificate and diploma programs provide a wide array of affordable and job oriented courses with a study and work abroad option for certain courses. This would open doors for students to have international study or work opportunity which otherwise might be prohibitive, in terms of costs.
