

5th & 6th Dec – GRT Grand, Chennai

“Understanding Self”

Getting the message across – to everyone

It is useful to remember that we all take in and evaluate information differently, and we deal with the external world in unique ways. If we recognise and appreciate the differences between people, we can learn to tailor our communication so that it appeals to the multiple types of audience we might be addressing. One way of doing this is to present the information in several different ways you prefer to gather and trust.
